

CLEANING, SEALING & AFTERCARE

PRE-CAST STONE PROTECTOR TECHNICAL DATA SHEET

LTP PRE-CAST STONE PROTECTOR

Water based pre-grout treatment.

Interior & exterior use

For use on all types of textured porcelain tile surfaces. Helps with grout and jointing compound release. On exterior surfaces a further coat can be applied after grouting, which will help with the removal of stains from organic matter.

Directions for use:

Preparation:

Ensure surface to be treated is completely clean, dry and free from dirt, grime, cement and grout. If necessary, first wash surfaces with a dilute solution of LTP Grimex 1:5 and white pad. Rinse well to remove residues and leave to dry

Application: Shake bottle before use. Before grouting apply evenly to the surface using a broad paint brush, foam roller or light pressure sprayer. Allow to dry for 30 minutes. Apply a second coat. Leave to cure for a minimum of 1 hour before grouting or pointing. Once pointing is dry and all residues have been removed a further coat of protector can be applied covering the joints as well.

Coverage:

Lower porosity surfaces 1 ltr 30 m² 5 ltr 150 m²

Aftercare:

Pre-cast paving: routinely sweep and wash surface. Clean with **LTP Waxwash**. Pre-cast cladding for walls, work surfaces, lintels and sills clean with **LTP Stonewash or Waxwash**.

Other

Hard to remove dried on cement stains can be removed using **LTP Cement, Grout & Salt residue remover**. Hard to remove resin, epoxy or silicone stains from jointing materials can be removed using **LTP Solvex**. Empty containers are recyclable. Active ingredients are water soluble and inert once cured. Do not use in temperatures under 5°C or over 25°C. Clean application tools and brushes with water after use.

Storage information:

Store in a cool, dry, frost-free environment. Store locked up.
Shelf Life – Up to 2 years for un-opened containers.

Health, Safety & Environmental:

Contains: 2-METHYLISOTHIAZOL-3(2H)-ONE

May cause an allergic skin reaction.

Keep out of reach of children.
Wear protective gloves/protective clothing/eye protection/face protection.
IF ON SKIN: Wash with plenty of water and soap.
If skin irritation or rash occurs: Get medical advice/attention.

WARNING

This information is offered without guarantee. The material should be used so as to take account of the local conditions and the surfaces to be treated. In case of doubt, the product should be tried out in an inconspicuous area.
